

Who Cares as Much as You Do?

Identifying Potential Partners

What issue are you trying to address? (e.g., bullying, substance abuse, school discipline):

Who is affected by the issue? (e.g., families, students, teachers, community members, businesses):

Who else is trying to address the issue? Service providers for this issue (e.g. social workers, counselors, substance abuse treatment, community mental health agencies, law enforcement).

Decision-makers of service-providing organizations (e.g., school superintendant, principals, mayor, legislators, police chief, community organizations).

Use the “**Partnership ‘Tickler’ List** on the next page to help you think of potential partners

Does the makeup of your partnership reflect the diversity of your community?
